# Whitsunday Islands

Sail, SUP & Snorkel Day Tour

Experience *SV Wings III*, a custom-built 60ft air-conditioned catamaran to relax onboard and sail the tropical waters of the Whitsunday Islands.

Immerse yourself in the azure clear waters of the fringing Great Barrier Reef while encountering vibrant marine life below- and if you're lucky, a green sea turtle!

Discover the underwater world while snorkeling, stand-up paddle boarding or enjoy the fun of a double clear bottom kayak.

Bask in the sun on the plush top sundeck, chill out in the foredeck jacuzzi or unwind in the covered shaded seating area below, the day is simply yours to relish connecting with family and friends.

Adapting to the weather conditions of each day, anchorage options may include the picturesque Langford Island, Cockatoo Point, Bali Hi or Stonehaven Bay all framed by the prestigious Hayman Island and surrounding reef.
